Filing Reports in Federal Systems

So many systems that do so many different functions and you still have no clue which one to use. Don't worry, you're not alone. At this Roundtable we will go over various systems that are required for submitting technical, financial and other various reports that are required by the agencies and who is responsible for submitting – the PI, OSP and/or SFS. Some of the systems we will touch base on include NSF Research.gov, NIH Commons, USDA ezFedGrants and REEPort.

Feel free to send me your questions about filing reports in sponsor systems prior to the Roundtable session, so I can provide them to Tammy in advance of the Roundtable.

We look forward to seeing you on Thursday, May 18th!
