

OSP Roundtable

Thursday, April 19, 2018

9:30 – 10:30 AM

Plant Science Building, Room 404***

*** Note location

Demystifying the COI Requirements and Process for Industry-Funded Research

Presenters:

Amita Verma , Director, Office of Research Integrity and Assurance

Robin Dollaway, Team Lead - Industry Center, Sr. Grant & Contract Officer, OSP

Anne Ochiai, Sr. Grant & Contract Officer-Industry Center, OSP

Seeking funding from an industry partner, either directly or through a federal flow through such as the [Small Business Innovation Research \(SBIR\)](#) or [Small Business Technology Transfer \(STTR\)](#) programs? Please join us for a presentation on financial conflict of interest considerations related to industry-funded research when a member of the project team has a financial interest in the industry partner. We will discuss the COI requirements at the proposal stage, to ensure the Cornell research community is aware of special issues that must be identified and managed early on in the process of seeking funding, as well as those at the award stage, so that there are minimal delays in starting work on the project.

Feel free to send in your questions in advance of the Roundtable session.

We look forward to seeing you on April 19th.

Thank you,

Christine
