Sponsored Projects Data Warehouse Access Request Form

Instructions

This form is to be completed by the person who needs access to the sponsored projects data warehouse for their daily work activities. Access will be gained through the Sponsored Projects Portal (http://portal.research.cornell.edu/) and/or the GQL reporting tool. The form may also be used to modify or remove access. If you are changing positions within Cornell that requires dropping one set of permissions and granting a new set, submitting two copies of the form can most easily do this.

Access may be granted at one or more levels defined in the form. For example a person might be granted access for an entire department plus one principal investigator in a second department.

All Cornell: Access will normally be limited to those persons in departments that have campus-wide responsibilities. An explanation is required.

College: Access gives the ability to view proposal and award information for the PIs and accounting information for the department codes within a college or other university unit. The 4 character KFS Org Code should be provided to assure correct college or unit is identified.

Department: Access gives the ability to view proposal and award information for the PIs within a department and accounting information for that department code. The 4 character KFS Org Code must be provided to assure correct department is identified.

PI: Access gives the ability to view proposal, award and accounting information for specific PIs. Accounting information will include subaccounts in other departments.

Project: Access gives the ability to view proposal, award and accounting information for specific projects. Accounting information will include subaccounts in other departments.

A periodic review of users will be sent to each department to identify changes. However, if you change departments or leave the University we request that you submit a form to modify or delete your access.

Please call (607) 255-5014 or email osp_whs_feedback@cornell.edu with any questions.

Please email the completed and signed form to: osp-help@cornell.edu.
