Subs – The Unsung Hero

“SUBS!!”

“I’ll have mayo, cheese, little bit of mustard, no onions....”

Who doesn’t love a great SUB??

It is the same exact thing for Research Administration!

Well, instead of sub *sandwich*, we have

SUBAWARD

AND, we are here to show you how to build a FANTASTIC SUB!

This session will discuss subaward inclusion in proposals, subaward vs. vendor, at the award stage, throughout the life of the project and anything you wish to ask about subs! It is our goal to make you feel well rounded with the fundamental understanding, or locate information when needed, and execute actions associated with subwards on sponsored projects.

PLEASE JOIN US! Bring questions, your special dressing recipe, and yourself!
