Understanding the Subaward Process

Our May OSP Roundtable will explore the lifecycle of outgoing subawards at Cornell. Together we will review the key terms, differences between subawards and contractors (procurement), processing subawards at proposal and award stages, subrecipient monitoring, and closeout. We will also touch on expectations when Cornell is a subrecipient to another entity.

Feel free to send me your questions about subawards prior to the Roundtable session, so I can provide them to the presenters in advance of the Roundtable.

We look forward to seeing you on Thursday, May 17!
