

OSP Roundtable

Thursday, April 18, 2019

9:30 – 10:30 AM

Plant Science Building – Room 404

Presenters:

Carrie Suskind

Product Manager, Research Administration Support System (RASS)
Research Administration Information Services (RAIS)

Paul Davis

Product Manager, Dashboards, Reporting and Data Delivery
Research Administration Information Services (RAIS)

RASS Rollout to Campus

This presentation will review the planned replacement of the Sponsored Projects Portal and the RA Dashboard by our new research administration system, Research Administrative Support System (RASS). We will review RASS reporting functionality for department and college users, describing how RASS will replace current Portal and RA Dashboard functionality. This will include an overview of the reporting roadmap, demonstrations of ad hoc reporting functionality, and the process for submitting change requests all using RASS. We'll also review the rollout schedule, and provide information about how you can get involved in testing and stay informed of project updates.

Feel free to send me your questions about the RASS Rollout to Campus so I can share them with Carrie and Paul in advance of the Roundtable.

We look forward to seeing you on April 18th!

Christine
