# Today's Presentation

OSP Portal Future	
RA Dashboard	Overview Brio Portal Retirement New Features
PI Dashboard	Overview New Features
Research Admin IT Projects	IT Project Status Dashboards Roadmap
Questions Throughout	Getting Support for Dashboard Products

# OSP Portal Retirement

- Brio Reports
- Web Portal – Award and Proposal Lookup
- Web Portal - Forms
- Data-mart for Research Proposal and Award Data
- Serves: Research Administrators, OSP Staff, Faculty, Downstream systems

# RA Dashboard Goals

- Focused on RA's needs
- Single place for administrator to go to answer top questions
- Integrate proposal, award, and finance reporting
- Easy to learn and use
- Formatted Current and Pending
- Brio Replacement (for most Brio Portal users)

# RA Dashboard Update

- Brio Retirement
  - Central Office Reports
  - “Ad Hoc” Reports
- Need for “Quick Search”
- Proposal Service Center Support
- Links to Forms

Most features rolling out Friday, Rest next month

# RA Dashboard Demo

- Overview
  - Homepage and Available Reports
  - Project and Account Search
  - View, Filter Drill paradigm
  - Finances integration
- Quick Search
- Central Office Reports
  - Proposals submitted last year
  - Ad-Hoc Reports
- If These Reports Won't Do
  - OBIEE Analysis
  - Brio Fat Client

# OBIEE Tips and Tricks

- Copy and Paste
- Filter using Table Prompts
- Sorting on Columns
- Moving Columns
- Hiding Columns
- Adding Columns

# PI Dashboard

- Single place for faculty to go for research administration
- Addresses top questions easily
- Easy to use, no learning required
- Works on mobile devices
- Enables working with RAs
- No searching or filtering needed
- View and drill navigation
