

CornellResearch

Research Administration Support System (RASS)

- RASS project update
- Demo of sponsored project portal features in RASS
- Reporting with RASS
- Demo of reporting features in RASS

OSP and college research offices using RASS as of March 2019:

- OSP Live in RASS for normal operations
- EZRA to RASS data migration completed
 - RASS is system of record for OSP data
 - EZRA dual data entry to keep the Sponsored Projects Portal and RA Dashboard up-to-date
- Starting October 2019:
 - Distribution emails sent from RASS
 - KFS integration data from RASS instead of EZRA
 - EZRA dual data entry continues to keep the Sponsored Projects Portal and RA Dashboard live

Sponsored Projects Portal features in RASS beginning January 2020:

- Campus users live with RASS
 - Existing functionality replaced with RASS
 - Sponsored Projects Portal offline to campus users

Proposal development features in RASS beginning June 2020:

- Campus users live in RASS for proposal development
- Replace manual/paper processes
 - No more Form-10!

For updates follow the RASS blog:

<https://blogs.cornell.edu/rass/>

- What is different in RASS vs. Sponsored Portal?
- Searching in RASS
- Award amendment requests
- Deliverable dates and uploading documents
- Requesting subawards

As Is		To Be	
<i>System</i>	<i>Function</i>	<i>System</i>	<i>Disposition</i>
PI Dash <i>(remediated)</i>	Award Financials Proposal Information	PI Dash	Fully Remediated
RA Dash <i>(frozen)</i>	Proposal Information Award Information Subaward Information Current and Pending Project Documents	RASS	Search, Adhoc, and Current and Pending reports replace RA Dashboard. <i>Link to Webfin II for financials</i>
	Award Financials	WebFin II	RA Dash Award Financials moved to WebFin II. New Award Search Screen. <i>Link to RASS for detailed project info</i>
Sponsored Portal <i>(retired)</i>	Proposal Information Award information Subaward Information Documents	RASS	Search, and Adhoc reports replace Sponsored Portal. <i>Link to Webfin II for financials</i>
	Change Requests		RASS Process
OSPWH datamart <i>(frozen)</i>	Direct Connect Accounts	RASS Datamart	Custom for each direct connect account
	Brio	RASS	Adhoc report export to Excel

Sponsored Projects	Projects Transferred to RASS <ul style="list-style-type: none">● All projects active since June 30, 2013*● Most award and proposal fields RASS has many additional fields for new projects
Subawards	Subawards associated with transferred projects
Non-Financial Agreements	Active or recent <ul style="list-style-type: none">● Materials Transfer Agreements● Non-Disclosure Agreements● Restricted Access Data Use Agreements

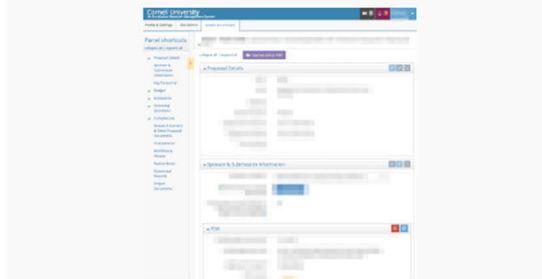

*Data older than June 30, 2013 available in RA Dashboard if needed

RASS (New)

For units using the new RASS System

Sponsored Portal

For units **not** yet the new RASS System

The Research Administration Support System is replacing the Sponsored Projects Portal.

- Units will be migrated one by one to RASS. You will be notified when your unit is switching over.
- Until then, continue using the Portal.
- For more information see guide.rass.cornell.edu
