Subject: New Upcoming Limited Submission Competitions - May 19, 2020
Date: Tuesday, May 19, 2020 4:13:47 PM

To members of the Cornell University community,

Please make note of these upcoming Limited Submissions that may be of interest. To learn more about these opportunities, including guidelines and the internal selection process, follow the links below.

To view all currently open internal competitions, visit [Cornell Limited Submission Funding Opportunities](#).

Please be advised that the Office of Sponsored Programs is now using an online system (InfoReady) for applying for internal selection for Limited Submission funding opportunities. All applications must be submitted online and applications submitted via email will no longer be accepted. To apply for an internal nomination, applicants should follow the competition link and login to InfoReady using their Cornell netID.

Federal Programs:

Internal Due Date

- June 25 [National Science Foundation ADVANCE: Organizational Change for Gender Equity in STEM Academic Professions](#)
- August 11 [National Science Foundation Inclusion across the Nation of Communities of Learners of Underrepresented Discoverers in Engineering and Science \(NSF INCLUDES Alliances\)](#)

Follow the internal selection guidelines carefully, including adherence to page limits. Proposals not following the guidelines and/or not responsive to the interests of the sponsor may be rejected from the internal competition without review. PIs submitting applications for limited submission competitions are responsible for ensuring they meet the eligibility requirements of the program and funder. For assistance with internal proposal development, including consultation on proposal strategy; identifying sponsor-specific proposal strategies; coordinating project team meetings; identification of additional campus resources; management of proposal schedule; drafting letters of commitment from Cornell and any partner institutions; and liaising between your proposal team and OSP, please contact Carmel Lee, Associate Director of Research Development (cll229@cornell.edu).
