Limited Submissions are opportunities in which the sponsor limits the number of nominations or proposals (or sometimes other types of submissions like Concept Papers or Letters of Intent) that Cornell University may submit to a particular program. When this occurs, an internal selection process (typically an internal competition) is coordinated.

For further information about the internal process, answers to FAQs, and more, visit the Cornell Limited Submissions website. Please contact Limited Submissions if you intend to apply to a limited submission opportunity not listed below, missed an internal competition deadline, or have any questions. Unless otherwise noted in a competition announcement, internal competition deadlines are for 5:00 PM, and applications must be submitted via the competition web portal.

- NOTE: Weill Cornell Medicine has its own internal competitions for limited submissions. WCM investigators, please contact Florencia Marcucci in the WCM Office of the Research Dean.

**Announcements**

- The internal submission deadline for the Rita Allen Foundation Scholars competition has been extended. Details are below.

- **NSF BioFoundries to Enable Access to Infrastructure and Resources for Advancing Modern Biology and Biotechnology (BioFoundries):** Organizations may submit no more than one Letter of Intent and full proposal. A Cornell application is being prepared by senior leadership. There will not be an internal competition. Faculty who are interested in the BioFoundries opportunity should contact Paula Cohen, Associate Vice Provost for Life Sciences, paula.cohen@cornell.edu.

- **U.S. Economic Development Administration (EDA) 2023 Build to Scale Program:** Organizations may submit no more than one application per track. Cornell is currently eligible for the Venture Challenge track only, and a Cornell application is being
New Competitions

Schmidt Science Polymaths Nominations

**Internal deadline: July 18.** This program intends to make long-term bets on professors who have recently achieved tenure or an equivalent status with remarkable track records, promising futures, and a desire to explore interdisciplinary research. Note: Candidates must have achieved tenure status between January 1, 2020, and September 1, 2023, in order to be considered. Department Chairs are invited to submit nominations to the internal competition.

Closing Soon

**INTERNAL DEADLINE**

- **July 5** NIH Neuroscience Development for Advancing the Careers of a Diverse Research Workforce (R25 Clinical Trial Not Allowed)
- **July 5** National Science Foundation (NSF) Cyberinfrastructure Technology Acceleration Pathway (CITAP)
