Limited Submissions are opportunities in which the sponsor limits the number of nominations or proposals (or sometimes other types of submissions like Concept Papers or Letters of Intent) that Cornell University may submit to a particular program. When this occurs, an internal selection process (typically an internal competition) is coordinated.

For further information about the internal process, answers to FAQs, and more, visit the Cornell Limited Submissions website. Please contact Limited Submissions if you intend to apply to a limited submission opportunity not listed below, missed an internal competition deadline, or have any questions.

Unless otherwise noted in a competition announcement, internal competition deadlines are for 5:00 PM, and applications must be submitted via the competition web portal.

- **NOTE**: Weill Cornell Medicine has its own internal competitions for limited submissions. WCM investigators, please contact Florencia Marcucci in the WCM Office of the Research Dean.

### Announcements

- **NSF Engines Builder Platform OTA Solutions Offering**: Organizations may submit no more than one application. An application from Cornell University is being prepared for submission. There will not be an internal competition.

### New Competitions

**Rita Allen Foundation (RAF) 2024 Scholars Program**

**Internal deadline: July 5.** The RAF Scholars Program funds basic biomedical research in the fields of cancer, immunology, and neuroscience. It supports research scientists in
the early stages of their careers, and aims to advance transformative ideas and leverage them to promote breakthrough solutions. Candidates must be tenure track faculty within the first three years of their tenure track position.

**Greenwall Foundation 2024 Faculty Scholars Program in Bioethics**

**Internal deadline: July 5.** The Greenwall Foundation supports research that goes beyond current work in bioethics to help resolve pressing ethical issues in clinical, biomedical, and public health decision-making, policy, and practice, and creates a community that enhances future bioethics research.

**Procter & Gamble (P&G) Fund Higher Education Grant Program**

**Internal deadline: July 5.** Grants provide support for efforts of regionally accredited U.S. colleges and universities that will better prepare students for success.

**National Science Foundation (NSF) Major Research Instrumentation Program (MRI)**

**Internal deadline: August 11.** An MRI award supports the acquisition or development of a multi-user research instrument that is, in general, too costly and/or not appropriate for support through other NSF programs.
