Limited Submissions are opportunities in which the sponsor limits the number of nominations or proposals (or sometimes other types of submissions like Concept Papers or Letters of Intent) that Cornell University may submit to a particular program. When this occurs, an internal selection process (typically an internal competition) is coordinated.

For further information about the internal process, answers to FAQs, and more, visit the Cornell Limited Submissions website. Please contact Limited Submissions if you intend to apply to a limited submission opportunity not listed below, missed an internal competition deadline, or have any questions. Unless otherwise noted in a competition announcement, internal competition deadlines are for 5:00 PM, and applications must be submitted via the competition web portal.

NOTE: Weill Cornell Medicine has its own internal competitions for limited submissions. WCM investigators, please contact Florencia Marcucci in the WCM Office of the Research Dean.

**Announcements**

- **Blavatnik 2024 Regional Awards for Young Scientists (postdocs):** Cornell may submit up to 15 postdoctoral nominations. Due to this restriction, OSP is coordinating an internal application process. To be included in the institutional submission, prospective nominees must submit an internal preliminary application by Monday, October 9, 2023, at 5:00 PM. If more than 15 internal applications are received, applicants will be included in Cornell's institutional submission on a first-come, first-serve basis. Visit the internal application website for further details and instructions.

**New Competitions**

NIOSH National Center for Construction Safety and Health Research and Translation (U54)  
**Internal Deadline: September 25.** The NIOSH National Construction Center will serve as a national leader in construction research, implementation, and dissemination of scientific
discoveries to benefit construction workers by working to prevent or reduce work-related injuries and illnesses.

**W.M. Keck Foundation Science & Engineering and Medical Research Program Grants**

**Internal Deadline: October 30.** The Keck Foundation supports pioneering discoveries in science, engineering, and medicine. Keck funds high-risk/high-impact, basic research with distinct and novel approaches that have the potential to develop breakthrough technologies, instrumentation, or methodologies, and that falls outside the mission of public funding agencies.

### Closing Soon

**INTERNAL DEADLINE**

- **September 15**  
  National Institute of General Medical Sciences (NIGMS) Collaborative Program Grant for Multidisciplinary Teams (RM1 - Clinical Trial Optional)

- **September 15**  
  NIH Blueprint and BRAIN Initiative Program for Enhancing Neuroscience Diversity through Undergraduate Research Education Experiences (BP BRAIN-ENDURE) (R25 Clinical Trial Not Allowed)

- **September 15**  
  Mellon Foundation 2023 New Directions Fellowships

- **September 18**  
  National Cancer Institute (NCI) Predoctoral to Postdoctoral Fellow Transition Award (F99/K00 Clinical Trial Not Allowed)

### Upcoming Federal Programs

**INTERNAL DEADLINE**

- **November 10**  
  National Science Foundation (NSF) Strengthening the Cyberinfrastructure Professionals Ecosystem (SCIPE)

### Upcoming Non-Federal Programs

**INTERNAL DEADLINE**

- **September 25**  
  Gordon and Betty Moore Foundation 2024 Inventor Fellows

- **September 25**  
  Blavatnik National Awards for Young Scientists 2024

- **September 25**  
  Brain Research Foundation (BRF) 2024 Seed Grants Program
September 25

Andrew Carnegie Fellows Program 2024

November 13

Camille Dreyfus Teacher-Scholar Awards Program 2024

Unless otherwise noted in a competition announcement, internal competition deadlines are for 5:00 PM and applications must be submitted via the competition web portal (InfoReady Review). PIs submitting applications for limited submission competitions are responsible for ensuring they meet the eligibility requirements of the program and funder.
