Working at Multiple Organizations or Moving to Another Organization

Working at Multiple Organizations or Moving to Another Organization

It is National Science Foundation (NSF) policy that only one NSF account is allowed per user. If you already have an NSF account, you MUST NOT register for a new NSF account even if you are working at multiple organizations, moving to another organization, or working as a Postdoctoral Fellow. Instead, you can add roles to your existing NSF account.

You do NOT need a separate NSF account for each organization you are affiliated with or a new NSF account when moving to a new organization or working as a Postdoctoral Fellow.

- You can have multiple organizations associated with your NSF account, and you can add new roles from different organizations to your existing NSF account.
 - For more information about adding an organizationapproved role from a new organization or adding the Proposed Postdoctoral Fellow role, <u>click here</u>.
- If you are associated with multiple organizations, be sure to update your designated Primary Organization on the "View My Roles" page. For more information on changing your Primary Organization, <u>click here</u>.
- If you are leaving an organization, make sure the primary email address on your NSF account profile is set to an email address you will continue to have access to after your departure (e.g., a Gmail address). For more information on editing your NSF account profile, <u>click here</u>.

Adding a PI role at a new organization to your existing NSF account

- Click "Sign In" located at the top right of <u>Research.gov</u> page.
- Enter your credentials (e.g., NSF ID and password) and click
 "Sign In."
- Click "My Profile" located at the top right of the screen.
- Click "Add a New Role" from the left navigation bar and the "Add a New Role" page will display. (Figure 1)
- To request the Investigator role, click the blue "Add Investigator or Authorized User Role" button located in the "Prepare Proposals and Manage Awards" box. (Figure 1)
- Select "Principal Investigator (PI) or co-Principal Investigator (co-PI)", click "Submit" (Figure 2) and a four-step role request wizard will display. (Figure 3)

Step 1: Find Organization

- Enter the organization's System for Award Management (SAM) issued Unique Entity Identifier (UEI) and click "Search" (Figure 3). If you already have an organization-approved role at NSF, you can select the SAM UEI associated with your existing organization from the drop-down menu.
- Verify the correct organization is displayed and click "Next". (Figure 3)

Note: For more information about SAM UEIs, please <u>click here</u> or contact your Sponsored Projects Office (SPO).
