Limited Submissions are opportunities in which the sponsor limits the number of nominations or proposals (or sometimes other types of submissions like Concept Papers or Letters of Intent) that Cornell University may submit to a particular program. When this occurs, an internal selection process (typically an internal competition) is coordinated. For further information about the internal process, answers to FAQs, and more, visit the Cornell Limited Submissions website. Please contact Limited Submissions if you intend to apply to a limited submission opportunity not listed below, missed an internal competition deadline, or have any questions. Unless otherwise noted in a competition announcement, internal competition deadlines are for 5:00 PM, and applications must be submitted via the competition web portal.

NOTE: Weill Cornell Medicine has its own internal competitions for limited submissions. WCM investigators, please contact Florencia Marcucci in the WCM Office of the Research Dean.

New Competitions

National Science Foundation (NSF) General Social Survey (GSS) Competition

Internal deadline: March 25. NSF invites investigators who possess the theoretical, methodological, measurement and managerial skills, as well as organizational resources, to undertake a large-scale survey data collection project to submit proposals to conduct the General Social Survey (GSS) and the International Social Survey Program (ISSP) United States surveys.
Upcoming Federal Programs

INTERNAL DEADLINE
